

## **SINGLE STREAM RECYCLING**

The Academy has shifted to a *single stream* recycling system. This means that ALL traditional recycling (see list below) can be placed into one bin—there is no longer a need to separate paper from commingles. Recycling pick-ups will remain on Tuesday and Friday afternoons, using the same bins, at the same locations. Single Stream recycling applies to all Academy buildings and housing.

There will be no change on which materials can be recycled. The following items must be placed in recycling bins, and not tied in plastic bags. (Recycling in plastic bags will be trashed.)

- All plastics
- All aluminum
- All glass
- All paper (loose leaf, magazines, soft cover books, paperboard, etc.)

\*Cardboard must still be broken down and flattened, and placed behind the recycling bins, as cardboard is collected separately. If you have a large quantity of cardboard, please break it down and bring it to one of the cardboard dumpsters on campus (located behind Lamont, Elm St. Dining Hall, and Facilities).

Also, please rinse clean all non-paper recycling. All non-traditional recycling (small electronics, CD's, DVD's, cell phones, etc.) should be dropped off in the Exchange, in the basement of the old Davis Student Center during hours of operation (Wednesdays 3-7 p.m. and Sundays Noon-5 p.m). Thank you for your participation in our recycling program.
