

Math 3 Changes 2018

Note that the numbers below refer to the 2018–2019 edition, unless followed by a ('17) in which case they refer to the 2017–2018 edition.

7	moved from #8('17)	678	new problem
8	moved from #7('17)	706	new problem
17	changed prism height, adjusted diagram, answer, commentary	714	rewritten to merge #708('17) and #709('17)
99	new problem	801	adjusted wording for (c) and (d)
142	moved from #148('17)	#803('17)	deleted, moved to supplement
149	moved from #141('17)	#804('17)	deleted, moved to supplement
173	rewrote so that q and P remain fixed, adjusted answer	852	adjusted to refer directly to #806
275	moved from #279('17)	853	rewritten
282	moved from #274('17), slight rewording for space	859	adjust matrix and commentary to us column vectors
283	adjusted spacing	873	rewritten
291	added $a, b > 0$	878	new problem
297	added approximately	884	new problem
323	slight rewording	885	new problem
399	adjusted answer	919	rewritten
414	adjusted spacing	p.205	added <i>explicit function</i> to reference section
428	adjusted answer	p.205	adjusted <i>exponential function</i> to mention positive base
446	rewording	p.208	added <i>light-year</i> to reference section
478	adjusted spacing	p.208	removed problem reference for <i>linear interpolation</i>
485	new problem	p.209	adjusted definition of <i>Markov chain</i>
486	new problem	p.211	added <i>prime meridian</i> to reference section
572	added to the answer	p.212	added <i>relatively prime</i> to reference section
637	changed expression to equation, separate into parts, added <i>explicit function</i> to the reference section	p.213	added <i>scientific notation</i> to reference section
666	reworded (b)		
667	adjusted products, added M		
668	adjusted equation		
677	new problem
